

# Finding Cultural Capital

Does this mean the same for all of us?

## Deputy and Assistant Headteachers' Conference 2021

Hosted online on Friday, 19 March 2021, 09.00 - 15.15

# INTRODUCTION

Welcome to the 2021 Deputy and Assistant Headteachers' Conference.

This one day conference will feature knowledge and ideas about Cultural Capital from a range of perspectives amidst the changing global and local landscape.

Internationally renowned speakers will share current thinking about Cultural Capital giving attendees a range of approaches they can use in their schools.

The day will start with a keynote address followed by workshops, promising to provoke thinking and showcase how collaboration creates possibilities for improving outcomes and promoting cultural capital.

**Participants will be challenged to:**

- reflect and think critically about cultural capital
- drive excellence through curriculum organisation and inclusive practices
- explore the concepts of character development, resilience and well-being

# GUEST SPEAKERS

## Phil Beadle

Phil Beadle is an award winning teacher, broadcaster, journalist and author of many books including one entitled 'Rules of Mavericks: a Manifesto for the Disobedient!' He is an inspirational speaker who has a track record of success in supporting schools and teachers in challenging circumstances and it quickly becomes clear why he won the national teacher of the year award. Phil will be speaking and leading discussions particularly around creativity in the curriculum.

## Dr Nira Chamberlain

Dr Nira Chamberlain is about to become the President of the Institute of Mathematics. In 2018 he was the winner of the world's most interesting mathematician award. He was the highest new entrant in the 2018 power list, also holding the title of the 5th most influential black person in the UK. Nira will be talking about the importance of mathematics for all and outline his route to his present position. With his 25 years' experience and an international reputation Nira is a fascinating and challenging speaker

## Professor Mel Ainscow CBE

Mel Ainscow CBE is internationally recognized as an authority on the promotion of inclusion and equity in education. He is Emeritus Professor of Education at the University of Manchester, Professor of Education at the University of Glasgow, and Adjunct Professor at Queensland University of Technology.

Previously a head teacher, local education authority adviser and lecturer at the University of Cambridge, his work focuses on ways of making school systems effective for all children. Mel is a long-term consultant to UNESCO, working on international efforts to promote equity and inclusion globally. He has recently completed collaborative research projects with networks of schools in Australia, England, Portugal and Spain. Examples of his writing can be found in: 'Struggles for equity in education: The selected works of Mel Ainscow', published in the Routledge World Library of Educationalists series.
